 The figures stated above, are based on data which the Company believes is reliable and representative  
 \* the entire data for 99acres have been restated (in April, 2011) for consistency  
 The figures are neither audited nor verified by any external agency  
 From Q1 FY 15-16 we have started reporting segment wise results. Accordingly numbers for FY 14-15 (including each quarter of FY 14-15) have been recast basis best estimates  
 The Q1 to Q4 FY 16-17 and the full FY 16-17 financial nos. are based on IGAAP (previous Indian GAAP) vs Ind AS

Q1 means the period April 1 to June 30  
 FY means the financial year starting April 1 and ending March 31 of the subsequent year  
 e.g. FY 2010-11 means the period April 1, 2010 to March 31, 2011

\*\* The segment results as per Ind AS w.e.f Q1FY17 have been revised while incorporating higher accuracy level by changing the basis for expense allocation for "Share based compensation cost" from allocation based on segment average head count to actual segment employee wise basis. The change made effective in Q1FY18 has primary increased results for 99acres and Other segment with a corresponding change in unallocated cost respectively. There is no change in the total segment result but only in the inter-se split between the three segments in quarters of FY16-17.
